Click**FORMS**<sup>™</sup>

**HASSLE-FREE  
APPRAISAL  
SOFTWARE**<sup>™</sup>

For more than 20 years, ClickFORMS<sup>™</sup> has set the benchmark for ease of use.

Even though ClickFORMS is very simple to learn, we are proud to offer a variety of popular training options to help you get the most out of your software and be even more productive. There's no special hardware or software required. All you need is your PC, access to a telephone from your desk, and DSL or cable Internet.

## LIVE ONLINE TRAINING

Our live online training sessions are led by experienced instructors who really know our products. During the training, you will be able to sit back and watch as the instructor walks you through the topics. But what if you have a question? This is where the Live part comes into play. You can talk to the instructor and also listen to what other students are saying during the training session—just like a live training class. The difference is you are getting trained from the comfort of your home or office. Session topics include:

- ▶ **ClickFORMS Basics** – Creating templates, setting up reports, adding forms, images
- ▶ **ClickFORMS Advanced** – Advanced navigation, databases, auto adjustments, program preferences
- ▶ **Order Manager** – Placing orders, updating report status, ClickFORMS integration
- ▶ **AreaSketch** – Drawing basics, angles, inserting symbols and text
- ▶ **WebHome Builder** – 6 step setup, uploading images, updating text, creating pages
- ▶ **File Center** – Creating auto backups, managing files, uploading and sharing files
- ▶ **Custom Training** – Tell us what you need to learn and we'll customize the training for you

## SELF-PACED TRAINING

At any time, you will also have access to our "Tell Me How" documents and "Show Me How" videos. These help files will have most of the answers you'll need about ClickFORMS. A great option if you need answers right away!

- ▶ Library of "Tell Me How" documents
- ▶ Library of "Show Me How" movies
- ▶ "Show Me How" CD — \$25
