

To convert your 1004MC Charts page to a pdf and insert it into an Exhibit page for export to AppraisalPort:

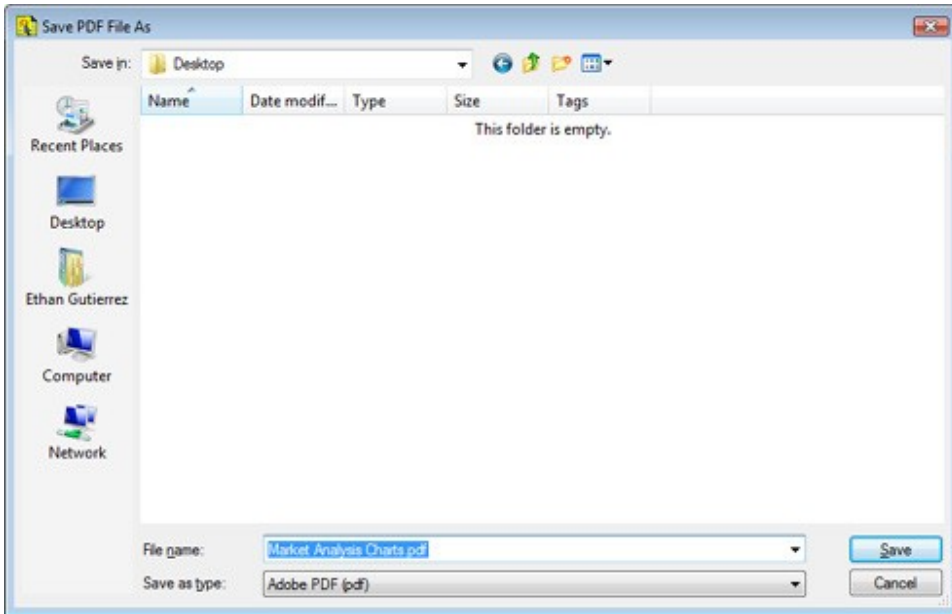

Click the File menu and select the Create Adobe PDF option.

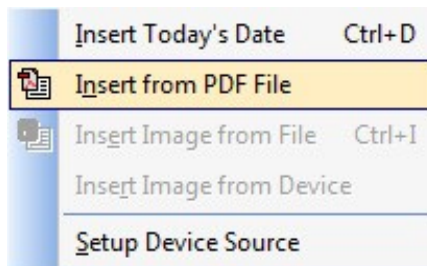

Uncheck all but the "Market Analysis Charts" page
Then click the Create PDF button.

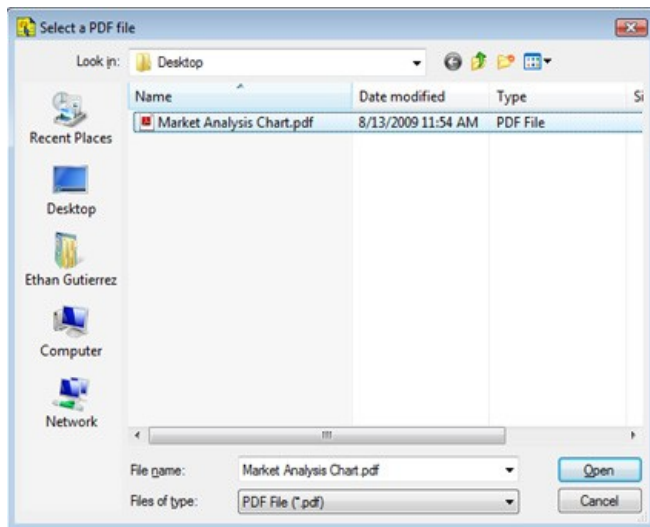

Save the PDF file to a memorable location (like the Desktop).

Once the file is saved Click the Insert menu and select Insert from PDF file option.

Browse to the location where you saved your PDF file, select it then click Open.

Click the insert Button in the Select PDF pages to insert window. Your Market Analysis Charts page will now be inserted into an Exhibit page in your report.
